Line of Business

Growth xPartners group provides comprehensive DX support and services with the theme of "Sustainable Innovation services" for society through cooperate partnerships which utilize the strengths of each operating company.

Financial Summary (Consolidated)

What our company name, Growth xPartners, means

Our company name holds two meanings. To be "a partner that grows together" with our customers and "a companion that grows together" with our employees.

The "x" stands for the fusion of multiple roles, including "Consulting," "Technology," "Design," and much more. It expresses the infinite possibilities of the GxP Group, which is flexible and ever-changing as a DX partner.

We aim to be a company where people can work with pride and peace of mind so that we can continue to contribute to society and our clients.
